Ion Chamois: The 2008 13” Ion SL seamless design uses multi layer bonded technology for the most advanced pad by Voler. An 8 mm high density foam makes up the center construction with ultra thin 2 mm low density foam for the front and wing sections to reduce chafing.

Diamante Chamois: This 10” chamois was created specifically for women. The seamless, multi level, dual density foam construction is perfect for all riding conditions. The ultra soft, antibacterial MircoXfine fabric is also fully perforated for additional breathe ability
